A gift in support of the Friends of the Galt Endowment Fund supports an enduring, inspirational, engaging, social and multi-generational experience—discovery of the stories of Lethbridge and southwest Alberta. There are strong voices from the past here.

For generations, visitors have been seeing the experiences of their own lives through the lens of the stories unfolding at the Galt.

Like the generations before you, you have many special memories of your visits to and experiences at the Galt Museum & Archives that have shaped and influenced your life.

You believe that future generations should have the same opportunities to grow and learn through the journeys that this museum offers.
